Over a 12-15 month period we are anticipating up to 5000 tiles from participants all over the country by engaging people active today throughout the tile industry - including tile lovers and consumers! We are inviting all to press their hands into a wet clay tile and become a part of the mural. Funding for this mural supports the industry archiving work of the Tile Heritage Foundation in addition to contributing to its installation at TCNA (Tile Council of North America, Anderson, SC.) honoring all who participate in and contribute to the breadth of the Ceramic Tile Industry today! THANK YOU!
